

# Corporate Parties

The options that we offer:

a) Paint & Create "Sip & Paint" Style

Artwork will be chosen in advance from our Paint Gallery. Team members will get a canvas and will be guided step-by-step by our instructor/s to create their very own masterpiece.

b) The Big Team Picture

The team will choose a word, logo or phrase. Each team will split up into groups of 2-4. Each team will get one canvas with part of the overall "Big Picture" outlined on it. When everyone is done painting, the canvases can be arranged to make one big piece of art to be displayed in your office building.

c) Colour Psychology Assessment

Draw anything, even a single line and know your past, present and future! A colour psychology assessment predicts your impactful behaviour, emotions and would further help to manage your stress level. Let your innerself choose your likings &dislikings through a drawing psychology assessment by an expert.
